SBA Economic Injury Disaster Loans Available to Iowa Small Businesses

SACRAMENTO, Calif. – Small nonfarm businesses in 13 Iowa counties are now eligible to apply for low-interest federal disaster loans from the U.S. Small Business Administration, announced Director Tanya N. Garfield of SBA’s Disaster Field Operations Center-West. These loans offset economic losses because of reduced revenues caused by drought in the following primary counties that began June 13.

Primary counties: Crawford, Ida and Sac;

Neighboring counties: Audubon, Buena Vista, Calhoun, Carroll, Cherokee, Harrison, Monona, Pocahontas, Shelby and Woodbury.

“SBA eligibility covers both the economic impacts on businesses dependent on farmers and ranchers that have suffered agricultural production losses caused by the disaster and businesses directly impacted by the disaster,” Garfield said.

Small nonfarm businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size may qualify for Economic Injury Disaster Loans of up to \$2 million to help meet financial obligations and operating expenses which could have been met had the disaster not occurred.

“Eligibility for these loans is based on the financial impact of the disaster only and not on any actual property damage. These loans have an interest rate of 4 percent for businesses and 2.375 percent for private nonprofit organizations, a maximum term of 30 years, and are available to small businesses and most private nonprofits without the financial ability to offset the adverse impact without hardship,” Garfield said.

By law, SBA makes Economic Injury Disaster Loans available when the U.S. Secretary of Agriculture designates an agricultural disaster. The Secretary declared this disaster on Aug. 7.

Businesses primarily engaged in farming or ranching are not eligible for SBA disaster assistance. Agricultural enterprises should contact the Farm Services Agency about the U.S. Department of Agriculture assistance made available by the Secretary’s declaration. However, nurseries are eligible for SBA disaster assistance in drought disasters.

Disaster Loan Assistance Available:

Economic Injury Disaster Loans (EIDLs) – Working capital loans to help small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, non-profit organizations of all sizes meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. These loans are intended to assist through the disaster recovery period.

Credit Requirements:

- Credit History – Applicants must have a credit history acceptable to SBA.
- Repayment – Applicants must show the ability to repay the loan.

Interest Rates:

The interest rate is determined by formulas set by law and is fixed for the life of the loan. The maximum interest rate for this program is 4 percent.

Loan Terms:

The law authorizes loan terms up to a maximum of 30 years. SBA will determine an appropriate installment payment based on the financial condition of each borrower, which in turn will determine the loan term. Borrowers may be required to provide collateral.

Loan Amount Limit:

The law limits EIDLs to \$2,000,000 for alleviating economic injury caused by the disaster. The actual amount of each loan is limited to the economic injury determined by SBA, less business interruption insurance and other recoveries up to the administrative lending limit. SBA also considers potential contributions that are available from the business and/or its owner(s) or affiliates. If a business is a major source of employment, SBA has the authority to waive the \$2,000,000 statutory limit.

Loan Eligibility Restrictions:

- The applicant business must be located in the declared disaster area.
- Only uninsured or otherwise uncompensated disaster losses are eligible.
- The economic injury must have been the direct result of the declared disaster.
- Nurseries are only eligible for economic injury caused by declared drought disasters.
- By law, agricultural enterprises such as farmers and ranchers are not eligible for any type of SBA assistance.
- Applicants who have not complied with the terms of previous SBA loans are not eligible. This includes borrowers who did not maintain flood and/or hazard insurance on previous SBA loans.
- Loan assistance is available only to the extent the business and its owners cannot meet necessary financial obligations due to the disaster. This determination is made by SBA.

Note: Loan applicants should check with agencies / organizations administering any grant or other assistance program under this declaration to determine how an approval of SBA disaster loan might affect their eligibility.

Refinancing:

Economic injury disaster loans cannot be used to refinance long term debts.

Insurance Requirements:

To protect each borrower and the Agency, SBA may require you to obtain and maintain appropriate insurance. By law, borrowers whose damaged or collateral property is located in a special flood hazard area must purchase and maintain flood insurance. SBA requires that flood insurance coverage be the lesser of 1) the total of the disaster loan, 2) the insurable value of the property, or 3) the maximum insurance available.

Completing the SBA Loan Application:

The application asks for the same information about the business and its principal owners that are generally required for a bank loan. If you need help, SBA personnel will explain the forms and give you assistance at no charge. You may use the services of accountants, attorneys, or other representatives at your own expense, if you wish. Use of a representative and the fees they charged must be listed on your loan application.
