

**AQUACULTURE EXTENSION WORKSHOP/CONFERENCE**

**1989 WORK GROUP**

**Chairperson:** Carole R. Engle, University of Arkansas

**Funding Request:** \$3,005 (Addendum to Plan of Work for Grant #89-38500-4319)

**Duration:** 1 Year (October 1, 1991 - September 30, 1992)

**Objectives:**

1. Improve Extension's information and delivery system for aquaculture in concert with industry areas of high priority.
2. Enhance the development of new state Extension educational programs in aquaculture by highlighting innovative programs.
3. Examine the scope of Extension efforts in aquaculture at the state, regional, national and international levels.
4. Evaluate the role and effectiveness of Extension activities within the USDA Regional Aquaculture Centers program and pursue actions of enhancement.
5. Identify opportunities and needs to enhance the development of regional and interregional Extension programs in aquaculture.
6. Strengthen communication networks and exchanges of materials, programs and expertise among aquaculture Extension staff.
7. Examine team building and multidisciplinary approaches to Extension programming in aquaculture.
8. Address national and regional issues impacting educational programs and state and federal legislation.
9. Examine major trends in commercial aquaculture and emerging opportunities.
10. Explore use of new communication technology and innovative reporting techniques.
